You are cordially invited to join The Highlands at Wyomissing® for our community impact symposium: *Guiding Through Transitions: Equipping Caregivers with Memory Support Education, Strategies, and Resources*. Dr. Nancy Hodgson, internationally recognized as a nurse expert in biobehavioral research methods for older adults with dementia, will present and discuss her research focused on the development, testing, and dissemination of care programs to support older adults with dementia and their family caregivers.

Dr. Nancy Hodgson, RN, PhD, FAAN, has over 110 peer-reviewed publications in high-impact peer-reviewed journals and is co-author of the book *Better Living with Dementia: Implications for Individuals, Families, Communities and Societies*. She was appointed by Governor Shapiro to serve as Academic Research Representative on the Pennsylvania Long-Term Care Council and is a Fellow of the American Academy of Nursing and the Gerontological Society of America.
